

**The Shawnee Quarterly**  
**The Shawnee National Forest NEPA Newsletter with the Schedule of Proposed Actions**  
**October, 2016**

“**The Shawnee Quarterly**” is the Shawnee National Forest’s National Environmental Policy Act (NEPA) newsletter. The Quarterly is published four times a year: January, April, July, and October. It provides planning information on the management and use of the Forest and includes a copy of the Forest’s Schedule of Proposed Actions.

The Schedule of Proposed Actions lists activities proposed or in progress that require consideration under NEPA prior to implementation. The purpose of the Schedule of Proposed Actions is to provide early, informal, notice of proposed projects so that you can be aware of Forest activities, indicate your interest in specific projects, and be involved early in the environmental analysis and documentation process. The schedule also provides information associated with the status of environmental analysis or planning of ongoing projects.

New projects are listed with the **\*NEW LISTING\*** identifier in the title box on the Schedule of Proposed Actions. You can become part of the decision-making process by commenting on all projects that interest you. Projects are sorted in tables by nation-wide projects, the Supervisor’s Office (for Forest-wide projects), or by the Ranger District where the action is proposed. The name of a contact is provided with each project and comments or questions should be directed to this contact person.

**SCOPING FOR PROJECTS EXPECTED TO BE CATEGORICALLY EXCLUDED:**

Projects listed in the Schedule of Proposed Actions followed by “**CE**” are expected to be categorically excluded from extensive analysis under NEPA. In an effort to conserve resources by avoiding duplicative mass-mailings, and commensurate with their expected scope and intensity, the Forest announces scoping for these projects in this Quarterly newsletter. Sufficient details of proposals are provided to enable comments on the projects. If you wish to receive further information on any project, please contact the individual listed.

**New projects** listed in this month’s Schedule of Proposed Actions that are expected to be categorically excluded include:

We have no new projects proposed in this quarterly newsletter.

**How you can become involved:** Read through the list of proposed projects. To comment on a project or be placed on the project mailing list, call or write the contact person. You may also comment during the scoping or comment periods on environmental assessments (EA) or environmental impact statements (EIS). Thank you for reviewing this list of projects and planned or recent decisions. We appreciate your interest in the management of the Shawnee National Forest.

### ***Privacy of your Comments***

Comments received as part of the NEPA process, including the names and addresses of those who comment, are considered part of the public record of a proposed action and will be available for public inspection.
