

**CORRECTION, NONSIGNIFICANT AMENDMENT TO THE
CUSTER NATIONAL FOREST LAND AND RESOURCE MANAGEMENT PLAN
CUSTER NATIONAL FOREST, MONTANA, NORTH DAKOTA, AND SOUTH DAKOTA
AMENDMENT NUMBER 23, MANAGEMENT AREA M
June 1993**

CORRECTION

I am correcting the list of Ranger Districts at the top of page 80 in the Forest Plan. The list of Ranger Districts where Management Area M occurs. This Management Area occurs on every Ranger District but only three Ranger Districts are currently listed.

This correction does not affect any proposed outputs on the Custer National Forest. It does make it clear that Management Area M, riparian areas, is expected on every Ranger District and the applicable standards and guidelines are to be applied.

NONSIGNIFICANT NFMA AMENDMENT: This decision does not significantly alter any of the long-term projections for timber production on the Custer National Forest as the timber production capacity of the Forest exceeds the allowable sale quantity identified in the Forest Plan. Therefore, this amendment is non-significant under NFMA (36 CFR 219.10(f)), and Forest Service Manual 1922.51, item 1 and 3.

This correction will be implemented upon public notice. This correction is public notice and will be sent to all those who have requested notice of Forest Plan amendments and those who have participated in the amendment process. In addition, notice of this correction will be published in local newspapers.

ADMINISTRATIVE APPEAL: This correction is not subject to appeal. This correction is in accordance with Forest Service 1950, part 18.2.

CONTACT PERSON: Additional information can be obtained from:
