## OUTREACH ANNOUNCEMENT

### 2016 Seasonal Fisheries Jobs

The Salmon-Challis National Forest North Zone Fisheries Program is currently looking to fill up to two positions to be part of a fisheries monitoring crew. Employment will last from approximately late May through late September for the positions. All of the filled positions will be stationed at the Salmon-Cobalt Ranger District in Salmon, Idaho and all of the work schedules will be the same 40 hours/week. This notification is being circulated to inform prospective applicants of this opportunity and how to apply.

**Housing:** There are no government quarters available. Employees will be required to find their own housing. Rental rates in Salmon generally range from \$500 - \$800/month.

#### **Position Duties**

- Performs aquatic monitoring activities as part of the north zone fisheries crew. Aquatic monitoring activities include: installing and retrieving stream temperature thermographs, backpack electrofishing for fish presence and population estimates, stream habitat surveys, Chinook salmon redd surveys, and bull trout redd surveys.
- Field work involves data collection using handheld GPS receivers and the ability to identify juvenile and adult fish. The work requires hiking on unstable terrain and walking in streams wearing: hipboots, polarized sunglasses and a 40 pound backpack electro-shocker.
- Office work involves computer work with the ability to use Microsoft word and excel.
- Must be in good physical condition, able to carry up to 40 pounds in streams and unstable terrain on a daily basis.
- Must have valid State Driver's License.
- Supports the fisheries, wildfire, and safety programs while conducting duties in a safe and orderly manner.

#### **How do I Apply?**

These positions are being filled through an online application process. The deadlines to apply are , 2016. The application process can take some time, so please plan accordingly to provide a complete application.

Applicants can go to [www.usajobs.gov](http://www.usajobs.gov) and search for Job Titles and Grade Levels in the appropriate City and State. Click on the Position Title link and an Apply Online button will become available for creating a profile and applying to the job. Be sure to specify Salmon, Idaho as the duty location.
