# SKI TRAIL CONDITION REPORT

Report Date: 02/04/2016

## Gros Cap Trail

**Location:** *At the St. Ignace Ranger Station (W1900 West US 2)*

**For more information:** *906-643-7900.*

**Comments:** *Due to the wet, heavy snow, the groomer struggled in some areas leaving parts of the trail rough and the snow a bit "chunky". This may present issues for skiers but should pack out fine with use.*
