Sky Bridge Trail, located in the Red River Gorge on the Cumberland District, is a loop trail that leaves the Sky Bridge parking area and extends along a high narrow ridge to Sky Bridge and scenic overlooks. The trail passes over and beneath Sky Bridge, along a high cliff shelf and then up a flight stairs (75 steps) back to the parking area. The main attractions are breathtaking overlooks into the gorge and the natural sandstone arch. The way across the bridge is wide, but there is no guardrail to prevent a fall. Keep a close eye on children and keep pets on a leash when crossing.
