

Eldorado National Forest - Travel Management

Summary of monitoring for routes that were rated as NOT meeting Standard & Guideline #100 in 2011 and 2012.

October 23, 2015.

District	Route number	Route name	Approval of corrective actions on-the-ground*	Meets S&G #100	Date of impl. monitoring	Date of impl. monitoring	Description of corrective actions
Amador	10N13	Schneider Camp Road	Nov. 3, 2015	Yes	June 2, 2015	Oct. 7, 2015	Installation of 11 rolling dips on a segment of road 10N13 to the north of meadow 10N13-11 (Schneider Camp). The rolling dips will divert road-generated runoff and sediment off of the road before reaching the meadow.
Amador	10N01B	Woods Lake Spur	July 6, 2015	Yes	July 7, 2015	Oct. 7, 2015	Installation of 3 rolling dips and on a segment of road 10N01B; several locations on the road segment were covered with gravel. The 3 rolling dips will divert road generated runoff and sediment off of road 10N01B and into forested areas on the south side of the road.
Amador	09N08	Stockton Camp Road	None necessary.	N/A	N/A	N/A	None.
Amador	17E24	Carson Emigrant Trail at Mud Lake	June 24, 2015	Yes			Installation of 2 rolling dips on a segment of trail 17E24 just to the southeast of meadow 17E24-3. The rolling dips will divert trail generated runoff and sediment off of the trail before reaching the meadow.
Pacific	16E21	Barrett Lake 4wd Trail - Meadows 5 & 6	October, 2014	Yes	June 12, 2015	Meadow 5: Oct 8, 2015 Meadow 6: Sept 29, 2015	Re-route of a segment of trail 16E21 to the east of meadow 16E21-5 and re-toration of original trail segment. Construction of rolling dips and armoring of segments of the trail that passes through meadow 16E21-6.
Pacific	16E21	Barrett Lake 4wd Trail - Meadow1	July 2, 2015	Yes	July 1, 2015	Oct 7, 2015	Construction of 1 rolling dip on trail 16E21 on the south side of meadow 16E21-1.
Pacific	14N39	Richardson Lake (lower)	July 14, 2014	Yes	July 13, 2015	Oct. 8, 2015	Construction of 3 rolling dips and sediment basin at 14N39-1. Construction of 4 rolling dips and sediment basin at 14N39-5. Construction of 2 rolling dips at 14N39-7

Pacific	14N39	Richardson Lake (upper)	Aug. 21, 2015	Yes	July 13, 2016	Oct. 8, 2016	Construction of 2 rolling dips at 14N39-9. The road was also excavated and permeable fill was installed, then capped with gravel
Placerville	11NY32	47 Milestone	Nov. 19, 2014	Yes	June 10, 2015	Sept. 25, 2015	Installation of 1 rolling dip on road 11NY32 just upslope of meadow 11NY32-1. The rolling dip will divert road-generated runoff and sediment off of road 11NY32 before reaching the meadow.
Placerville	10N98	Jim Quinn Spur	Sept. 30, 2015	Yes			Installation of riprap around the outlet of two culverts. The riprap will prevent road-generated runoff from eroding around the culvert outlets and contributing sediment into two streams and adjacent meadows.
Placerville	16E27 (10N21)	Long Canyon 4wd trail	Sept. 30, 2015	Yes			Installation of 3 rolling dips on a segment of trail 16E27 just to the north of meadow 10N21-4. The rolling dips will divert trail-generated runoff and sediment off of the trail before reaching the meadow.
Placerville	10N14	Mule Canyon	Nov. 19, 2014	Yes	June 4, 2015	Oct 29, 2015	Installation of 3 rolling dips on a segment of road 10N14 just to the southeast of meadow 10N14-1. The rolling dips will divert trail-generated runoff and sediment off of the trail before reaching a stream and adjacent meadow.
Placerville	16E33 (11N23F)	North Shanty Spur	Nov. 19, 2014	Yes	June 4, 2015	Oct. 6, 2015	Installation of 3 rolling dips on a segment of road 10N14 just to the east of meadow 10N14-1. The rolling dips will divert trail-generated runoff and sediment off of the trail before reaching a stream and adjacent meadow.
Amador	19E01(09 N83)	Clover Valley/Deer Valley trail					Environmental Assessment in progress.
Amador	16E26	Forest System Trail 16E26					Environmental Assessment in progress.
Amador	17E24	Remainder of Carson Emigrant Trail					Environmental Assessment in progress.
Amador	09N01	Meadow Lake Road					Environmental Assessment in progress.
Amador	17E28	Long Valley Trail					Environmental Assessment in progress.
Amador	17E19	Allen Camp MC Trail					TBA
Amador	09N95	Cosumnes Head					Environmental Assessment in progress.
Amador	17E16	Little Round Top					TBA

Placerville	17E73 (10N13)	Strawberry 4wd trail						TBA
-------------	------------------	-------------------------	--	--	--	--	--	-----

* Means that Standard & Guideline #100 is met on the listed date.

** This is an estimate, based on the portion of the meadow that was affected by road-generated runoff and sediment as determined by field visits by the project Hydrologist.
