Monitoring Plan

Project Manager: Reagan Calloway

Lake Quinault Lodge is the concessionaire for the Quinault area campground facilities; Willaby Creek, Falls Creek and Gatton Creek campgrounds. I, Reagan Calloway, am the Maintenance Manager and will oversee and monitor these projects to completion, for our campground restrooms. These structures have been in poor condition for many years and we see a lot of visiting guests that will not return because of this issue. By improving these structures it will bring back guests and attract more people to come visit this beautiful area and enjoy what we have to offer here in the Pacific Northwest. This will greatly benefit our local community's economy. Overall we just want our visitors to have safe and sanitary facilities to use.

There will be no extra cost to carry out any monitoring tasks for this project. I have already received estimates to complete these projects by a licensed contractor.

Total Funds Requested – \$10,168.25
