

2016 Grazing Rotation Schedule for:

Williams Creek C&H #824 & Munsey C&H #813

The actual season will be dependent on conditions on the ground due to current weather, range inspections and previous year grazing impacts.

Pastures:	Dates:	Days:
Lower Munsey/Plantation	07/01 – 07/07	7
South Half Munsey	07/08 – 07/28	21
South Half Williams Creek/North Half Munsey	07/29 – 08/31	33
North Half Williams Creek	09/01 – 10/10	40

This grazing rotation is intended to be flexible. Actual move dates are approximate and will depend on soil moisture conditions, forage utilization and/or plant regrowth.
