DAY/BACKPACKING OVERVIEW: This trail offers a less crowded alternative to viewing the Maroon Valley. There are good views of the Maroon Bells and Pyramid Peak. This is a good day hike with several bus stops for getting a ride along the way. This is also a popular trail for horseback riding.

ACCESS: From mid-June through September, Maroon Creek Road is closed from 8:00 a.m. – 5:00 p.m. You will need to take a shuttle. Please ask at the front desk for more information on the bus shuttle. If you get an early start drive ½ mile west of Aspen on Highway 82 to the Roundabout. Go around the Roundabout and turn right on Maroon Creek Road. Continue 10.5 miles to the Maroon Lake parking area.

NARRATIVE: It is more convenient to start at Maroon Lake and travel down valley so the bus can pick you up along Maroon Creek road. From the east side of Maroon Lake pick up the trail by crossing the bridge and turning left to follow the trail down valley. In 2.5 miles you will come to another bridge on the left. You can leave the trail here, cross the meadow on the left and catch a down valley bus; or continue about 1.5 miles to the next bridge, cross and stay left, follow the trail to its junction with the East Maroon Trail. Stay left at the junction and continue down valley to the bridge at the East Maroon Portal. Cross the bridge and walk up to the road to catch the bus.
