

Do You Love Recreating on the Tongass?

Here's How You Can Help the USFS Recreation Program in Wrangell:

- Leave No Trace-pack out what you pack in.
 - Pick up trash others have left.
- Report recreation site conditions by calling 874-2323.
- Fill out cabin inspection forms (available at our front desk) when you visit a Forest Service recreation cabin.
- Groups & individuals can inquire about adopting lower use cabins to help maintain them.
