Prospective Bidders

RE: Prospectus addendum, Wee Hunt Timber Sale, Mena Ranger District

Dear Prospective Bidder:

I would like to call your attention to an omission in the bid package for the above referenced timber sale. Please note that the Prospectus should have included the following statement under Section 20. General:

Requirements for Protection of Special Areas: Payment Units 04, 05, 07, 12, 13, 17, 18, and 21 have a limited operating season of April 1 through November 30, unless otherwise agreed to in writing by the Contracting Officer. Payment Units 16 and 22 have a limited operating season of July 1 through November 30, unless otherwise agreed to in writing by the Contracting Officer. Refer to the sample contract for specific requirements.

This notice serves as an addendum to the Prospectus. The Sale Area Map and Sample Contract include this restriction – CT 6.222# - Protection of Special Areas, and do not need correction.

The bid opening date for this sale will not change from May 3rd, 2016 at 11:00 a.m. local time.

Please call me at (501) 321-5241 if you have any questions.

Sincerely,

Jeff High
Sales Forester

cc: Mena Ranger District
