

# North Zone Fuels Technician DETAIL Notice

## Ogden Ranger District

## Uinta-Wasatch-Cache National Forest

**Fuels Technician candidates wanted!** This is a non-competitive, not to exceed 120 days temporary promotion/detail opportunity, into a GS-462-6/7 position. The beginning date is TBD (May-June), located at the Ogden Ranger District in Ogden, Utah. We are looking for an individual that is high-energy and innovative, likes fast-paced and challenging work environments and enjoys working with diverse communities. If you are looking for a sleepy, low profile forest, this is not the forest for you.

There are many reasons for the Uinta-Wasatch-Cache National Forest to become your employer of choice:

*Love outdoor recreation?* There are tremendous opportunities to satisfy your hunger for outdoor activities including skiing, snowboarding, snowmobiling, hiking, mountain biking, camping, picnicking, fishing, boating, swimming, horseback riding, paragliding, and rock climbing.

*Enjoy cultural events?* The majority of the Forest is within close driving distance to theater, arts, cinema, and year-round festivals. You can work in the backcountry during the day and enjoy fine dining in the evening!

*Passionate about working with communities and partnerships?* The Forest is known nationally for its strong community involvement, innovative partnerships, and volunteer program.

*Like fast-paced work environments and daily challenges?* The UWC is a Capitol city forest and gets a lot of attention from local, county and state government. We are in a major media market and have a large, interested and well-connected public surrounding us. The forest's urban interface results in plenty of lands, fire and fuels challenges.

*Want to work with highly motivated, energetic, dedicated, and diverse employees?* The Uinta-Wasatch-Cache National Forest has a place for you!

*Still not sure if the UWC is the place for you?* See what our employees say about the Forest in this video. <http://www.youtube.com/watch?v=cgfdgOPtAgs&list=PL116576B444B68D5B&index=3>

**We have one North Zone Fuels Technician position open** and we are looking for individuals interested in a temporary promotion/detail opportunity. We are looking for people who can seek creative and innovative ways to implement our fuels program of work on the ground and build upon the relationships we already have here. This position serves as a technical expert and as a team leader for fuels management on the Zone. A strong and varied knowledge of GIS, NEPA, contracting, fire and fuels management, fire ecology, communication, and collaboration skills is necessary, as well as good team leadership qualities. This position also will serve in fire roles as qualified, such as ICT4, FEMO, and FIRB. The Fuels organization on the UWC consists of the GS-11 Forest Fuels Specialist working in conjunction with the Fire Ecologist at the Forest Supervisors Office. There is also a compliment of Three Fuels employees per Zone, each of the two Zones having a GS-9 and two GS-7's.

We are looking for people who are energetic, enthusiastic, and flourish in a team environment. If you think that the UWC is the place for you and you want to join our team, please **fill out the attached outreach form along with a resume and return it to [jsanocki@fs.fed.us](mailto:jsanocki@fs.fed.us) by May 13th, 2016.**

Applicant must meet FS-FPM qualifications on a High Complexity Unit prior to applying for this position. These qualifications include **FFT1 and ICT5** Currency Required.

① If you would like more information about the position, please contact Jeff Sanocki, North Zone Fuels AFMO at (801) 625-5112 or [jsanocki@fs.fed.us](mailto:jsanocki@fs.fed.us).
