

NOTICE OF AVAILABILITY AND NOTICE OF PUBLIC MEETING

LITTLEROCK RESERVOIR SEDIMENT REMOVAL PROJECT ENVIRONMENTAL IMPACT STATEMENT/ENVIRONMENTAL IMPACT REPORT (EIS/EIR)

The U.S. Department of Agriculture (USDA) Forest Service and the Palmdale Water District are seeking comments on a Draft Environmental Impact Statement/Environmental Impact Report (Draft EIS/EIR) for the proposed Littlerock Reservoir Sediment Removal Project.

Where to get more information: An electronic copy of the Draft EIS/EIR, and the latest project updates and information, are available for review on the Palmdale Water District's Project website at:

<http://www.palmdalewater.org/about/new-development-projects/district-projects/>

or at the USDA Forest Service website at:

http://data.ecosystem-management.org/nepaweb/nepa_project_exp.php?project=13657

Where to learn more about the project: The Palmdale Water District and Forest Service will hold one public meeting at the time and location noted below to obtain input from agencies and the public on the Draft EIS/EIR:

Draft EIS/EIR Public Meeting	
Date:	May 19, 2016
Time:	6 pm to 9 pm
Location:	Palmdale Water District Board Room 2029 East Avenue Q Palmdale, CA 93550 Phone: (661) 947-4111

Where to send comments: Written comments will be accepted for 45 days; expected dates for the **comment period are May 13 – June 27, 2016**. Send comments on Draft EIS/EIR to:

USDA Forest Service/
Palmdale Water District
c/o Aspen Environmental Group
5020 Chesebro Road, Suite 200
Agoura Hills, CA 91301
