

*To sustain the health, diversity and productivity of the Nation's forests and grasslands to meet the needs of present and future generations.*

In January, the Custer Gallatin National Forest kicked off the first year of Forest Plan Revision, a four year process to revise the 1986 Custer and 1987 Gallatin plan into one Forest Plan for the consolidated Custer Gallatin National Forest.

June 14 – 30, a second set of public meetings and virtual opportunities will focus on:

- Sharing Assessment of Existing Conditions results to date,
- Sharing preliminary results of our need to change ideas,
- Provide an opportunity for the public to review results to date, along with any additional information and a forum for sharing what they care about and want to see from the Forest.
