Amendment 002

Questions/Answers

1. Can the contractor remove some of the post and pole fence around the building to get a dump trailer close to the building for removal of the old shingles? – **Yes, as long as the contractor replaces the removed section of fence when they are complete with the work and the vehicle and trailer and not driven over the ground when it is wet or anytime when they would create rutting.**
2. Specification 073110 says “Do not use staples” but it does not say that they cannot use a nail gun. Can a nail gun be used? **The contractor is permitted to use a nail gun as long as they ensure they “drive fasteners flush with top surface of shingles without crushing wood.”**
