

Appendix 3: Government Facility and Improvement Inventory

The Federal Government owns the improvements within all the developed recreation sites. Included in the following inventory are the description, quantity, and the estimated replacement cost of the applicable property.

Please note that it is the policy of the Forest Service (FSM 2330.5) to provide universally designed recreation sites, facilities and constructed features through the use of designs that accommodate most people, including people with disabilities, while maintaining the setting. For example all picnic tables, fire rings, toilets structures, etc, that are purchased or constructed, are now to be accessible, so that any person can use those facilities, wherever they are located. Replacement costs use the cost of accessible items where applicable.

Site Name	Feature Type	Cost Replacement
ROSE CANYON	BARRIER	\$2,185
ROSE CANYON	BARRIER	\$1,471
ROSE CANYON LAKE (FISHING)	BARRIER	\$778
