

SUPPLEMENTAL SPECIFICATION (2/11)  
T-854-01F  
TREATMENT AND DISPOSAL OF DANGER TREES

854.02 Requirements

A. Designation of danger tress

Delete the entire paragraph and substitute the following:

Regulatory Reference: Occupational Safety & Health Administration (OSHA).

The Purchaser shall identify and mitigate dangers to workers from danger trees in accordance with Oregon Occupational Safety and Health Code Division 7 Forest Activities. Division 7 requires an evaluation by employers of any tree or snag (dead tree) within reach of a work area to determine if it poses a danger to personnel. If the tree or snag poses a danger it must be felled, or the work arranged to minimize danger to workers (2). Roads (6). On those portions of roads under the direct control of the employer: (a) all danger trees that can fall or slide onto the roadways must be felled (2).
