Timber Subject to Agreement Error for Combined Softwoods Pulpwood Costs.

In the estimated quantities and rates per unit of measure of the original prospectus for Hess Knob Salvage the Timber Subject to Agreement for Combined Softwoods Pulpwood shows a fixed rate cost of \$1.00 per ccf and road maintenance deposits of \$1.16 per ccf (page 2 of 5), but in section **20. General (Page 5 of 5)** the item that discusses the Combined Softwoods (pulpwood and topwood) costs are incorrect. The corrected item follows:

“In addition to the volume listed on the bid form and on page 2 of this prospectus there are 24 CCF’s of hardwood small roundwood (pulpwood and topwood) that can be purchased at the fixed rate of \$1.00 per CCF and road deposits of \$1.16 per CCF. **There are also 81 CCF’s of softwood small roundwood (pulpwood and topwood) that can be purchased at the fixed rate of \$1.00 per CCF and road deposits of \$1.16 per ccf (this is the correction).** If the high bidder chooses to purchase this small roundwood it will be added to the contract after bid opening and listed as Timber Subject to Agreement. If Timber Subject to Agreement is purchased, then these trees must be felled, but removal is optional.

This correction will not change the planned 08/02/2016 bid opening date. If you have any questions regarding this correction please call Mark Burge, Timber Sales Forester at 479-964-7267.
