Grasslands Interested Parties

Greetings:

In September of 2006, the Regional Forester signed The Livestock Grazing Record of Decision for Dakota Prairie Grasslands Final Environmental Impact Statement and Land and Resource Management Plan. Included as Appendix A of that decision is a document known as the Demonstration Project which was intended to "provide for long-term sustainable multiple use management on the DPG, to build a common vision for national grassland resources, and to demonstrate sound and practical management of grassland ecosystems for the multiple benefits of grasslands agriculture, local communities, the rural economy and the public." The Record of Decision, along with the Demonstration Project, was signed on September 20, 2006. The demonstration project was set to expire in ten years.

I have completed minor revisions to Appendix A of the 2006 Record of Decision. The revised demonstration project will be reauthorized a week from the date of this letter. This is an administrative change as authorized by 36 CFR 219.13(c). Administrative changes are not subject to the objections process (36 CFR 219.50). Please contact me or the Grasslands Environmental Coordinator, Leslie Ferguson at 701-989-7300, if you have questions.

Sincerely,

William O'Donnell  
Grasslands Supervisor
