## **New Kaibab National Forest visitor maps available**

**Williams, Ariz., Sept. 1, 2016—For Immediate Release.** Kaibab National Forest managers want members of the public to be aware that new visitor maps are available for the forest's south zone, which is made up of the Williams and Tusayan ranger districts.

The South Kaibab Forest Visitor Map was released earlier this summer and is available for purchase at any Kaibab National Forest office for \$10. These recreation maps show Forest Service system roads and trails; are a 1/2" to the mile scale; and are planimetric with some spot elevations shown.

The maps provide information on the forest's cultural history, motorized vehicle travel regulations, campgrounds, wilderness areas, unique recreational opportunities, wildlife, and more.

Besides being available at Kaibab National Forest offices, the maps can also be ordered by visiting the [Kaibab National Forest website](#) and completing the Kaibab Map Order Form. To order the South Kaibab Forest Visitor Map or any other National Forest visitor map online with a credit card, visit the [USDA Forest Service National Forest Map Store](#) but note that there is a \$2 processing fee.

For electronic mobile devices, the [Avenza PDF Map Store](#) enables users to download the visitor maps of both the [South Kaibab](#) and the [North Kaibab](#) for a fee.

The visitor maps are a handy tool to use in conjunction with the free Motor Vehicle Use Maps, which show where it is legal to drive a motor vehicle on Kaibab National Forest. For additional information on the free Motor Vehicle Use Maps for Kaibab National Forest and other free motorized travel aids, visit the [Kaibab National Forest website](#).
