Summary

This feature class contains Existing Kootenai National Forest roads. It includes other Federal, State and Local Government existing roads. Some private roads are also included. Roads may or may not be drivable. Some roads are drivable by high clearance vehicles only.

Description

Roads with linear events extracted from NRM R01_KNF. Created by joining spatial road feature class from NRM with FSDBA.II_ROAD_LINEAR_EVENTS_0114 table. ROUTE_STATUS = 'EX-EXISTING'. Created 09/02/2016.

INFRA rows with no associated spatial route were deleted.
