

## TABLE PURSUANT TO CT6.41# - SPECIFIC REQUIREMENTS (01/2000)

FELLING METHODSPAYMENT UNITS

Trees should be felled in such a manner as to prevent damage to residual trees.

All

If handfelling occurs, skid trails shall be made clearly identifiable to the fallers prior to felling of adjacent timber. In so far as possible, all timber shall be felled to the lead into the skid trail/corridor system.

All

FELLING EQUIPMENTPAYMENT UNITS

Equipment is referenced in CT6.42#
