

**Hoosier National Forest
Administrative Correction 13
September 2016
Addition to Table of Contents and
Clarification of Management Area Direction**

Administrative corrections are defined at 36 CFR 219.13(c), may be made at any time, and are not plan amendments or revisions. They do not require public notice of the preparation of an environmental document under Forest Service NEPA procedures.

Administrative corrections include the following:

- (1) Corrections of clerical errors;
- (2) Changes to ensure conformance with new statutory or regulatory requirements; and
- (3) Changes to other content in the plan (219.7(f)).

The page following updates the List of Administrative Corrections and List of Forest Plan Amendments. This page should be placed in employee copies of the *Hoosier National Forest Land and Resource Management Plan (Forest Plan)* following the Table of Contents. This table is used to track all updates and amendments to the Forest Plan and has been updated to include Corrections 12 and 13. All corrections are printed on salmon colored paper.
