

ESCAPED BURNS CAN CAUSE WILDFIRE

Burning Season - Open burning is NOT allowed from June 1 to October 31. Look on the back page for more information.

Weather - Do not burn if it will be hot, dry or windy. Weather can change quickly and can add to the intensity of the burn.

Establish Firebreaks - Rake, clear, or plow a firebreak to better control your fire and protect your property.

Stay With Your Burn - Your fire is your responsibility. Keep it small and controlled.

Be Ready - Have a plan in place before you put fire on the ground. Keep a shovel and water source near by just in case.

Immediately Report Out of Control Fires - You are liable for for escaped burns. Call 9-1-1

ONE LESS SPARK ONE LESS WILDFIRE
