

# FIREWORKS CAN CAUSE WILDFIRE

## Fireworks Safety Tips

-  Check for fireworks restrictions on [UtahFireInfo.gov](http://UtahFireInfo.gov).
-  Use areas that are devoid of any surrounding vegetation.
-  Light fireworks on a flat, level surface like pavement.
-  Unsecured fireworks placed on a grass lawn can easily tip over.
-  Light the fuse and quickly get to a safe spot. Fireworks can be unpredictable and cause injury if you are too close.
-  Light fireworks one at a time.
-  Report all wildfires, Call 9-1-1

**ONE LESS  
SPARK  
ONE LESS WILDFIRE**
