

HELP PROTECT YOUR FAVORITE SPOTS IN UTAH

Vehicles Can Cause Wildfire

Avoid driving or parking on dry vegetation. Hot components under the car will start fires.

Shooting Can Cause Wildfire

Have a safe backdrop, be aware of sparks and hot fragments from ricochets.

Recreation Vehicles Can Cause Wildfire

Keep tires inflated, maintain spark arrestors, and ensure that brakes are not worn.

Dragging Equipment Can Cause Wildfire

Secure trailer chains and check under your trailer for anything hanging or dragging.

Escaped Campfires Can Cause Wildfire

Never leave fires unattended.

Drown, stir, and feel. If your fire is too hot to touch, its too hot to leave.
