

EQUIPMENT CAN CAUSE WILDFIRE

Use the Right Equipment

Use string, not bladed, trimmers to cut tall dry grass.

Cutting, Welding, and Grinding

Use these, and similar tools on a paved, enclosed area.

Remove Rocks

Check for rocks in dry vegetation. Metal mower blades hitting rocks cause sparks.

Be Ready!

Have water and a fire extinguisher readily available.

Check Spark Arrestors

Ensure chainsaws and similar power tools have maintained spark arrestors.

Report all Fire

CALL 9-1-1

ONE LESS SPARK ONE LESS WILDFIRE
