

OUTREACH NOTICE – REGION 2 TEMPORARY HIRE 2017 – PHASE 1

The Rocky Mountain Region manages resources and activities across more than 22 million acres of forest and grassland in Colorado, Kansas, Nebraska, South Dakota, and Wyoming. For 2017, the Region will be hiring close to 900 temporary/seasonal employees in fire (engine, helitack, hotshot, fuels, handcrew, prevention, airtanker base, and dispatch), timber, recreation, trails, archeology, hydrology, wildlife, botany, range, and fisheries.

This Outreach Notice lists the vacant temporary positions that are scheduled to be filled for the 2017 field season. It also includes data from 2016 regarding the number of applicants and hires for each fire position at each location. 2016 data is not available for positions other than fire.

How to use this list of positions:

1. Use this list to identify the types of positions and locations that you may be interested in applying to.
2. Read the document “[General descriptions of fire suppression positions](#)” to better understand the differences between the types of fire positions.
3. Within this list, links have been provided to each National Forest and Grassland. Use these links to get more information about locations. Applicants can apply to up to 10 locations on each position.
4. Contact the individual identified as the Point of Contact to get more specific information about the position.
5. Use the announcement number listed for each position to find the specific vacancy to apply to in USAJOBS beginning January 4, 2017.
6. Check back with this list regularly as we will continue to update it as changes are made.

These positions will be advertised on www.usajobs.gov for seven days, from January 4 - 11, 2017. Selections will take place the week of February 21 - 24, 2017. Applicants are advised to make every effort to be available by phone and/or email during that time.

Applicants should also review the [Rocky Mountain Region Temporary Hiring](#) website for further information on how to use USAJOBS, complete applications, and tips on writing resumes.
