

RECREATION OPPORTUNITY GUIDE

rogue river-siskiyou NATIONAL FOREST

Pederson Sno-Park

High Cascades Ranger District

Telephone: (541) 560-3400

<https://www.fs.usda.gov/rogue-siskiyou>

SEASON: Winter
LEVEL OF USE: Light
ELEVATION: 4,680 feet

Information: The Pederson Sno-Park provides access for both motorized and non-motorized winter enthusiasts off of the Dead Indian Memorial Highway. It is primarily used by Nordic skiers, but occasionally snowmobilers use this facility, as well. It provides access to trails both north to the Brown Mountain, Fish Lake and Lake of the Woods areas, as well as south towards Buck Prairie and Hyatt Lake. The Brown Mountain shelter is accessed easily from here, and is a favorite gathering place for winter enthusiasts to take a break, have lunch and warm up. The shelter has a wood stove and is stocked annually by snowmobile and Nordic club members. The Sno-Park is plowed by Jackson County.

Getting There: From Ashland, OR, take Highway 66 (Green Springs Highway) and turn right onto Dead Indian Memorial Highway (County Road 722). Continue approximately 23 miles to Pederson Sno-Park, located on the right side of the road.

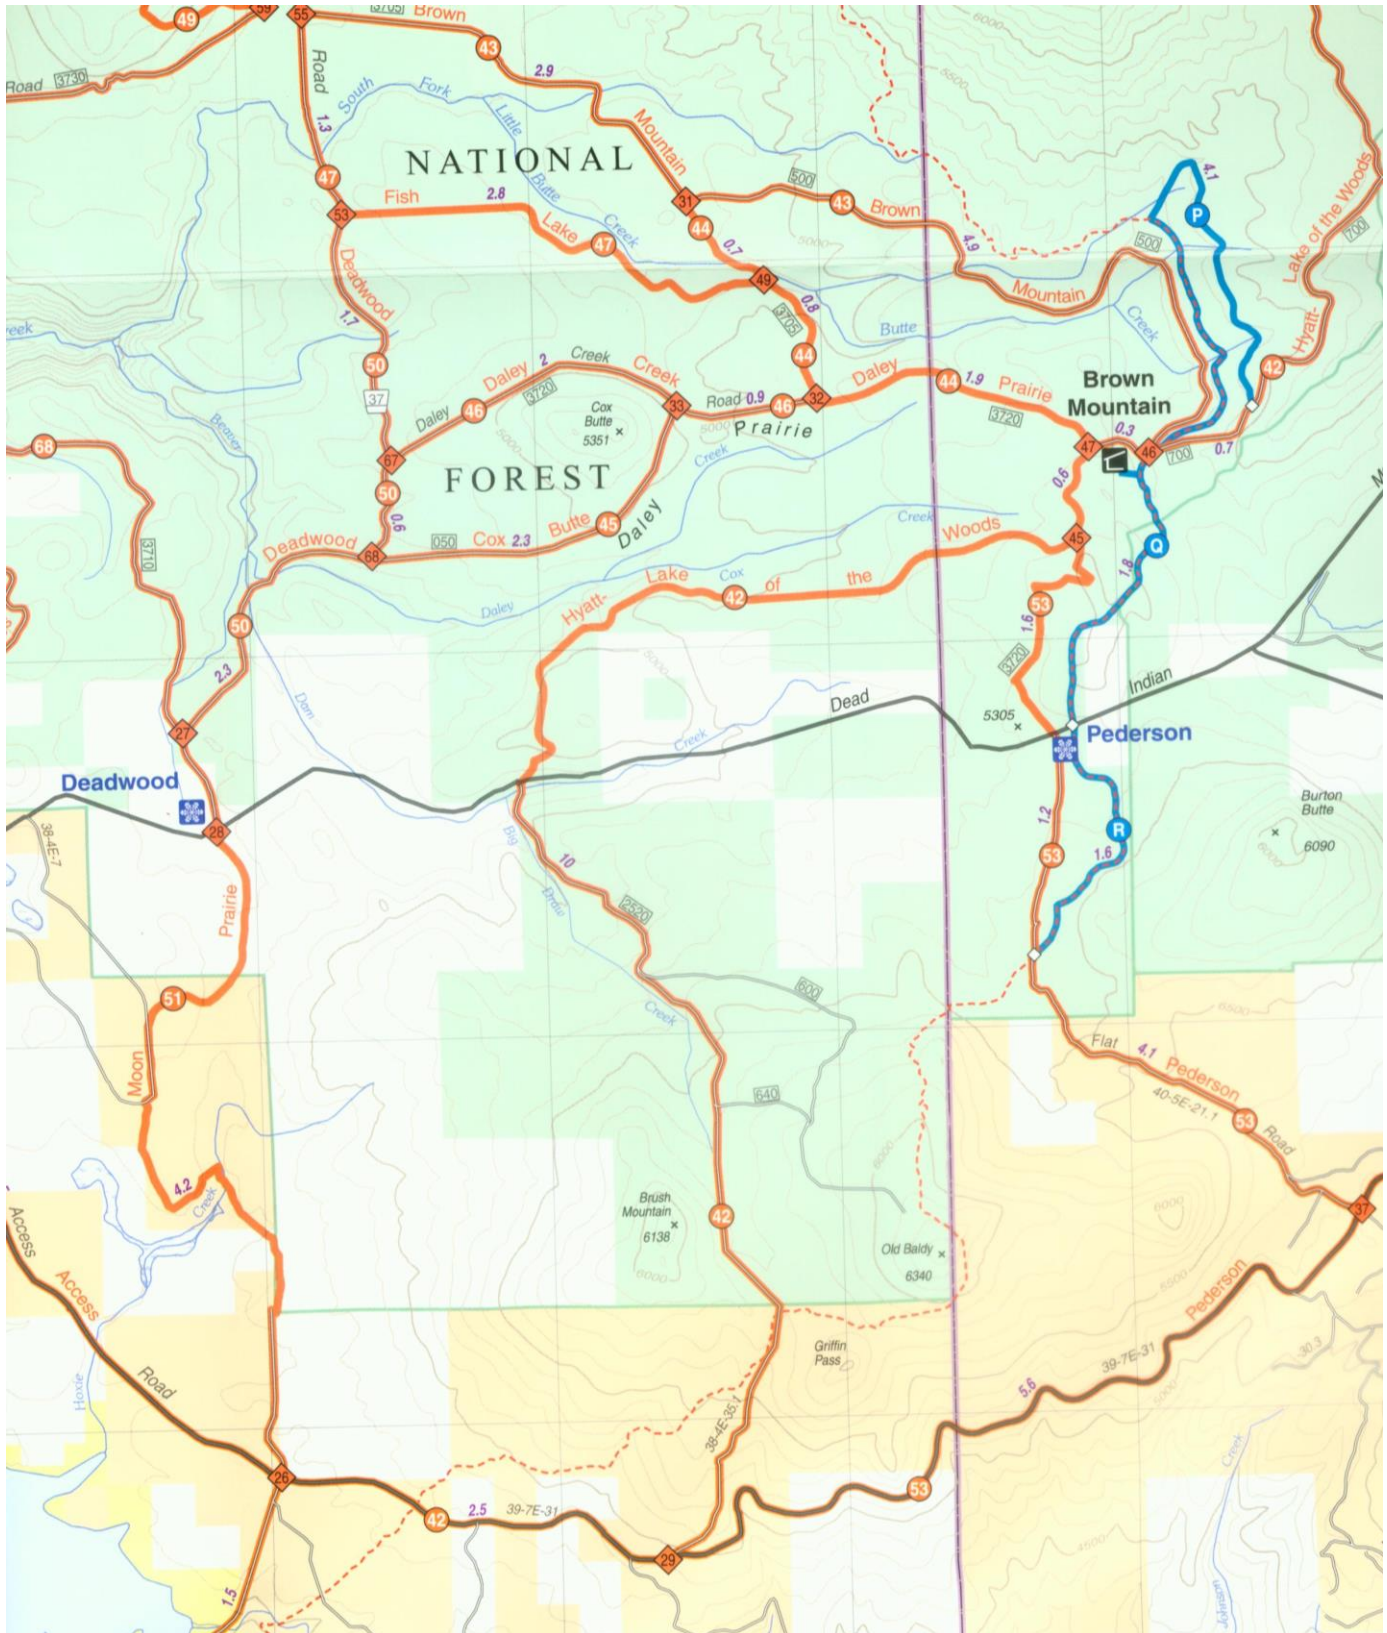

Considerations: Water and restrooms are not available.

Pederson Sno-Park is for motorized and non-motorized enthusiasts, but mostly caters to Nordic skiers and snowshoers. There is enough room for approximately 8-10 vehicles, but less if trailers are present.

You must have a valid Sno-Park permit displayed near the lower left corner of the windshield of your vehicle if you park in a designated winter recreation parking area (Sno-Park) between November 1 and April 30. Permits are sold at all DMV offices and by permit sales agents at various resorts, sporting goods stores and other retail outlets.
