Bullets and Arrows

My name is Joshua Alford and I am 11 years old. I attend Whale Pass School on Prince of Wales Island. The idea I would like to present to you is a gun and archery range. But some of the complaints could be the limitations of zoning requirements. However, I would like to put it in a remote location so the noise wouldn't be a issue to the local residents.

The reason I would like an archery range is so that I could practice my archery skills. I would like to reach my goal in going to the national archery competition. The school won't let me practice without teacher guidance and I would like to practice more often. There are other people in my community that would like to practice as well.

Having a gun range would be beneficial because I personally would like to shoot a deer. Also other people would like to practice shooting and sighting in their guns.

This range is good for all people around the island from shooting arrows to sighting in their scopes. This is my idea and I hope you like it as much as I do.
