To sign up for updates or to access your subscriber preferences, please enter your contact information below.

*Email Address

- 3) If needed, click the expand button (the plus symbol - "+") next to Tongass National Forest

Tongass National Forest **Expand**

- 4) Repeat Step 3 as needed (expand categories to see all the categories or projects that might be of interest to you).

- 5) Check the project and/or category mailing list boxes that interest you:

- By selecting a **project**, you will sign up for an individual project's electronic mailing list. You will **not** be subscribing to similar projects in the future. You will need to return to this site or to each project web page to sign up for additional projects.
- By selecting a **Ranger District category**, you will automatically be signed up for all current and future project mailing lists for that Ranger District (see example below).
- By selecting a **purpose category** such as recreation management or facility management, you will be signed up for that category (Facility Management below) across the entire Tongass National Forest for current and future project mailing lists that have that purpose.

Petersburg Ranger District

- Wrangell - Petersburg Invasive Plants Treatment
- Mitkof Island Small Sales
- Kake-Petersburg Intertie
