

File Code: 2210; 2230
Date: March 28, 2018

Dear Permittee,

This letter will serve as your 2018 Annual Operating Instructions for the Henry's Fork Bottom Allotment and will become part of your Term Grazing Permit #00122B. The annual operating meeting was held on March 27th, 2018 with Bob Slagowski and Cherrette Bonomo.

Henry's Fork Bottom:

Below in Table 1 you will find your grazing schedules and utilization benchmarks for the Henry's Fork Bottom Allotment. The scheduled dates below are to be used as guidelines depending on range readiness, precipitation, forage production, utilization, permittee needs, and adaptive management. The movement of livestock will depend upon available water and forage. It is your responsibility to ensure utilization benchmarks are not exceeded and to move livestock when allowable use is met.

Table 1: Bob Slagowski Grazing Schedule & Utilization Benchmark

Number/Kind	Unit	Date ¹	Utilization Benchmark ²
8 Horses	Unit 2	Excluding Triangle Area	<50% Use by Key Species
		Triangle Area	
	Unit 1	August 1 – September 30	≤ 50% Use by Key Species > 4" RSH Graminoids along Greenline

¹Dates are estimates and may vary based upon range readiness, drought, utilization benchmarks being reached prior to the move date, and/or other factors. ²Utilization will be monitored at key areas of the allotment. Key areas are those areas most preferred by livestock, are typically grazed first, and receive the most concentrated use (e.g. Triangle Area of Unit 2, etc.); RSH = residual stubble height.

Grazing fees are \$1.41 per head month this year. Your Bill for Collection payment for grazing fees must be paid before livestock are allowed on National Forest lands (due date 10 days prior to turn on date). Payments can be made by mail or in person at any Forest Service Office (bill number required). Bills can also be paid online at www.fs.fed.us/billpay. Please include a copy of your bill with your payment and allow 4 business days for payment processing.

You are responsible to maintain all allotment fences, water developments, and other range improvements in a serviceable condition as listed in Part 3 of your term grazing permit and associated Allotment Management Plan one week prior to your scheduled on date. This allows for the inspection of your improvements and any potential concerns to be addressed before your livestock enter the allotment. If your maintenance responsibilities have not been completed to the standards listed in your permit, livestock will not be allowed to enter the allotment. All labor

and materials needed for maintenance is your responsibility. Any OHV use in the administration of your allotments is limited to existing roads unless permission is otherwise obtained.

Other items:

- Permit Renewal: Your permit will expire 12/31/2018. Application for Term Grazing Permit is enclosed. Please fill out and return.

Find enclosed is your grazing use record form to be returned by December 31st, 2018. Your 2018 grazing bill was provided to you on March 27th and was paid that day. Please continue to keep us informed on what's happening on your allotment and thank you for your cooperation in the proper management of the Henry's Fork Bottom Allotment. If you have any questions, changes or comments, please contact Cherrite Bonomo, Rangeland Management Specialist, at office: (435) 781-5279

Sincerely,

Rowdy Muir
