Accessible Features of Shasta-Trinity National Forest Recreation Facilities
(updated 11/01/17)

We are continuing to refine and update this information. Please check back.

The Shasta-Trinity National Forest affords vast recreational opportunities for all to enjoy the great outdoors in Northern California. As a service to our customers, we are providing the following information about the accessibility features of our recreational facilities which meet Architectural Barriers Act Accessibility Standards (ABAAS) or Forest Service Outdoor Recreation Accessibility Guidelines (FSORAG). We are currently in the process of reviewing each site and will update information as it becomes available.

From boat loading platforms and fishing piers, to campgrounds, the Shasta-Trinity National Forest provides many accessible facilities - so venture outside and enjoy your public lands. For more information, please contact our offices.

Many recreation facilities have accessible features. They are marked with an X.
