

**REQUEST FOR CHANGE IN THE**  
**PRODUCER PRICE INDEX**

You were the apparent high bidder on the Brooks Lake Pine Timber Sale, Contract Number 090401052735, which opened on February 9, 2018. As stated in the Prospectus, the Forest Supervisor has determined that the Producer Price Index (PPI) for this sale at the time of advertisement would be the [Wood Chip](#) Index. This Index may be changed prior to the execution of the timber sale. You have the opportunity at this time to give the Forest Supervisor your recommendation as to what you believe the Index for this sale should be and why. Once the Timber Sale is awarded, the Index may not be changed. The due date for this request to be returned to the Forest Service is the same date that the contract is due. If you request a PPI change, you must fill out and return Form FS2400-73.

Please indicate the Producer Price Index you believe best represents the products on this timber sale:

- Softwood Lumber, Index # 0811
- Hardwood Lumber, Index #0812
- Wood Chips, Index #211135
