

USDA Forest Service Conecuh National Forest Shooting Range Notification of proposed Fee Change

Current: License

Proposed: \$5.00 per person (Day Use Pass)

Fees help pay for operating and maintaining the Conecuh Shooting Range. The proposed fee rate is based on the level of amenities and services provided, cost of operation, maintenance and market value. Fees are returned to the recreation site and may involve upgrades to information boards, grass seeding, parking barricades, mowing, berm rehabilitation, post replacement, fencing, plus more.

A valid Alabama Hunting or Fishing License, Wildlife Management Area License or Wildlife Heritage License (which can only be obtained by Alabama residents) will continue to be honored at this location.

If approved, implementation of the proposed fee changes would occur in 2018.
