

Join the Kaibab National Forest's 2018 Citizen Science Project!

It's easy!

See,

Snap,

&

Share!

First, download the app to your smartphone.

- **See** an interesting or unusual plant or animal on the Kaibab National Forest.
- **Snap** a photo using the iNaturalist app!
- **Share** your observations!

Your pictures will automatically become part of Kaibab's 2018 Citizen Science Project through the iNaturalist app and contribute to our knowledge of the forest!

Don't know what you saw? Don't worry! Experts will help confirm/identify your observations.

iNaturalist is available for iPhone & Android
