3/5/2018	--	--	Anonymous/Questionnaire	Subsistence	Allow collection of small amounts of resources to sell		X			
3/5/2018	--	--	Anonymous/Questionnaire	Recreation	Promote family camping to outside communities, enticing tourism		X			
3/5/2018	--	--	Anonymous/Questionnaire	Recreation	Want to see the cabins kept	X				
3/7/2018	--	--	Anonymous/Questionnaire	Recreation	Petersburg Lake trail needs improvement, people avoid it because it is in such poor condition	X				X
3/7/2018	--	--	Anonymous/Questionnaire	Recreation	Add more trail markers on Petersburg Mountain Trail, especially near the top	X				X
3/20/2018			Anonymous/Questionnaire	Timber / Roads	Mitkof Island needs to be opened up to more timber sales. Roads need to be maintained and new areas opened up.	X				
3/20/2018			Anonymous/Questionnaire	Timber / Wildlife	Thinning should be done sooner in some areas. Some old clear cuts are virtually impossible to walk through for man or large animal when thinning has been done on 20 ft. tall trees.		X			
3/20/2018			Anonymous/Questionnaire	General	There is plenty of land locked up. Any area that is not a wilderness area should be looked at for possible development.		X	X		
3/20/2018			Anonymous/Questionnaire	General	Limit boat size and length of stay at Forest Service docks. These docks are a precious asset and boats over 30 feet restrict access for others and create a lot of wear and tear on the docks.		X	X

3/20/2018			Anonymous/Questionnaire	Roads	It's time to get rid of the "hands off" policies that seem to have taken over. Every road is an asset for commercial and recreational uses. Keep them open. Open up more areas so we aren't having a huge impact on a few little spots.	X	X			
3/20/2018			Anonymous/Questionnaire	Timber	More thinning at an earlier age.		X	X		
3/20/2018			Anonymous/Questionnaire	Roads / Engineering	I like to see roads kept open but if you do close a road make sure it is closed to all motorized vehicles.	X	X			
3/23/2018			Anonymous/Questionnaire	Recreation	Existing trail and road systems are suffering due to lack of funding.		X			
3/23/2018			Anonymous/Questionnaire	Recreation	Commenter would like to see more trail development near communities, like the Raven's Roost Trail in Petersburg. Remote recreation sites are important but their use is limited to users that have the means to access them.	X	X			
3/23/2018			Anonymous/Questionnaire	Timber	Make small timber sales tailored to small scale mills that are more geared to local community sales (backyard bandsaw mills for example).	X	X			
3/23/2018			Anonymous/Questionnaire	Timber	Simplify the process for small community mills can obtain wood for commercial sale.		X	X		
3/23/2018			Anonymous/Questionnaire	Recreation	Enter into more community/partnership projects aimed at increasing our recreation access to Forest lands like trails, and campgrounds.		X		X

3/23/2018			Anonymous/Questionnaire	Recreation	I have heard there is a possibility the Ravens Roost Cabin could be moved to offer better access. I am opposed to this idea. Please use funds to improve/reroute the Ravens Trail - this would be a far more effective use of \$. The trail condition is a much larger barrier than the location of the cabin.		X			X
3/5/2018	--	--	Kake Public Input Meeting	Other / Outside Project Areas	Keex Kwaan community forest partnership, blend our projects together such as pre-commercial thinning.	X			X	
3/5/2018	--	--	Kake Public Input Meeting	Fisheries	Point White Creek fish pass (Sealaska Land)	X			X	X
3/5/2018	--	--	Kake Public Input Meeting	Fisheries	Kutluku Lake (Kuiu Island) habitat improvement for increased sockeye run.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Transportation / Access	Connect Kake road system to Portage Bay road system for subsistence use. There is only a short segment of road that needs to be built for them to be connected.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Transportation / Access	Work with State of Alaska for ferry access out of Portage Bay. Portage Bay site is preferred.		X	X		
3/5/2018	--	--	Kake Public Input Meeting	Transportation / Access	Connect road to Totem Bay, and provide ferry.			X		
3/5/2018	--	--	Kake Public Input Meeting	Transportation / Access	Boat ramp access in Port Camden on East side for hunting, subsistence use. Currently no road access there.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Transportation / Access	When closing or storing roads, make accessible to 4-wheel access for subsistence use when possible.	X				
3/5/2018	--	--	Kake Public Input Meeting	Timber / PCT	Much need for pre-commercial thinning. Rx for slash removal and berry production. Ground based access to slash for biomass.	X

3/5/2018	--	--	Kake Public Input Meeting	Timber / PCT	Utilize thinning prescriptions that would promote berry production, with slash removal after treatment.	X				
3/5/2018	--	--	Kake Public Input Meeting	Recreation	Hamilton Bay – Improve existing trail for sport fishing/subsistence access.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Recreation	Big John Bay/Cathedral Falls existing trail maintenance.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Recreation	Resume Veteran’s Point conveyance process.		X	X		
3/5/2018	--	--	Kake Public Input Meeting	Recreation	Focus on smaller trail projects and maintenance rather than developing new trails.		X			
3/5/2018	--	--	Kake Public Input Meeting	Recreation	Develop handicap accessible picnic sites near town, specifically on FS land near Kake bunkhouse. Would receive high use from elderly/families that don’t or can’t drive out the road to recreate.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Recreation / Engineering	Seal Point LTF has been designated an “industrial site” and community would like the entire area developed into a recreation site.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Recreation	More dispersed/hardened camp sites. Seal Point specifically with a hardened trail to access new campsite.	X				X
3/5/2018	--	--	Kake Public Input Meeting	Interpretation	Begin incorporating traditional/Tlingit names throughout the project area. Including updated road signs with local names for roads rather than just Forest Service road numbers.	X				
3/5/2018	--	--	Kake Public Input Meeting	Subsistence	Maintain road access to trapping areas near Kake and on Kuiu Island.	X				
3/5/2018	--	--	Kake Public Input Meeting	Subsistence	Community-based subsistence hunt for moose in certain areas, for Kake only. Also, providing a later season moose hunt for Kake residents only.			X		
3/5/2018	--	--	Kake Public Input Meeting	Subsistence	Access to Port Camden Spring site to provide an opportunity for spring fed water year round.			X

3/5/2018	--	--	Kake Public Input Meeting	Subsistence	Kutluku Lake Sockeye Run – Kuiu Island. Have subsistence use only time periods, with closures to guided use.		X	X		
3/5/2018	--	--	Kake Public Input Meeting	Other / Outside Project Areas	Fall Lake sockeye run access (Baranof Island).		X	X		
3/5/2018	--	--	Kake Public Input Meeting	Other / Outside Project Areas	Opposed to proposed Warm Spring Hatchery, and by catch at Port Walter and Hidden Falls hatchery is threatening wild sockeye stocks used by the community of Kake (Baranof Island).		X	X		
3/5/2018	Mike		Kake Public Input Meeting	Soils	Notes several locations of purported naturally occurring radioactive material that is affecting customary food gathering locations. Cites a high occurrence of cancer in clan members whose traditional territory and food gathering locations are in Kadake Bay, Kuiu Island. Other locations include the Goose Lake area the Hamilton Bay timber sale area, Unit 9. Commenter would like a soil scientist to take samples from these locations mineral analysis.		X	X		
3/5/2018	Mike		Kake Public Input Meeting	Geology	Would like to see geologists and paleontologists host a workshop to investigate the possibility of plant and animal fossil interpretive sites in the Kake area. Noted Hound Island and Hamilton Bay fossil locations.		X	X		
3/5/2018	Robbie		Kake Public Input Meeting	Subsistence	Would like specific firewood cutting areas defined along the Kake road system. Open roads to old clearcuts that have dead trees along fringes.	X				
3/5/2018	Robbie		Kake Public Input Meeting	Subsistence	Horticultural experiment to prune clearcuts grooming them for longer periods of berry production.	X
