In an EMERGENCY, dial 911

### During Earthquakes...

If outdoors, STAY OUTDOORS. Avoid buildings, lights and power lines.

After an Earthquake a TSUNAMI is possible

### Before and during a Tsunami...

Immediately MOVE INLAND to HIGHER GROUND and stay there. STAY AWAY FROM THE BEACH!

Never go down to the beach to watch a tsunami come in. If you can see the wave you are too close. If the water moves AWAY from the shoreline, move inland to higher ground immediately!

Further information regarding tsunami safety, evacuation, safe relocation and the tsunami ready program is available at [www.tsunami.gov](http://www.tsunami.gov). For emergency planning information and how to put together an emergency kit and other preparedness initiatives to be ready for disasters, visit [www.ready.gov](http://www.ready.gov).
