

## Klamath National Forest Trail Access Report –October 4, 2018

### Trailhead Access

- Forest Roads to trailhead are open.
- Forest roads to trailhead are closed due to a Forest Order or damage from winter storms.

**Trail Status** – Dates mark when trail was cleared or status updated. Trail conditions in wilderness are always subject to change due to natural events.

- Trail is generally passable to hikers and pack stock. There may be fallen trees across the trail or other obstacles that have to be circumvented, especially in areas where there has been a wildfire in recent years
- ? No report on this trail’s condition.
- Trail has significant obstacles (numerous fallen trees or landslide) that makes travel by either hikers or packstock extremely difficult.
