

Camping Fees

Some campgrounds are participating in the Recreation Fee Program where 95% of the fees collected are used to improve or maintain the campsite's existing facilities. Several campgrounds are free.

Senior/Access Pass

All U.S. Citizens or permanent residents aged 62 or older are entitled to a Senior Pass that sells for \$20 or \$80 for a lifetime pass. Blind or disabled residents may be entitled to a free Access Pass. Both passes provide a reduction in camping fees. Contact your local forest service office for more details.

Occupancy Restrictions

Due to overcrowding and resource damage, several campgrounds now limit the number of people, tents and trailers allowed per campsite. Regulations will be posted at campground bulletin boards and at individual campsites.

CAMPING

WELCOME

POPULAR SPOTS

The Umatilla National Forest, located in the Blue Mountains of southeast Washington and northeast Oregon, covers 1.4 million acres of diverse landscapes and plant communities. The Forest has some mountainous terrain, but most of the Forest consists of v-shaped valleys separated by narrow ridges or plateaus. The landscape also includes heavily timbered slopes, grassland ridges and benches, and bold granite outcroppings.

Elevations range from 1,600 to 8,000 feet above sea level. Changes in weather are common, but summers are generally warm and dry with cool evenings. Cold and snowy winters and mild temperatures during spring and fall can be expected.

Forest visitors can select from over 20 campgrounds designed to blend with the forest environment. Most campgrounds are located away from traffic and commercial development where there is fishing, hunting, or other outdoor activities nearby. Camping, up to 300 feet from an open road, is also allowed in most dispersed areas throughout the Forest. Campfire permits are not required, but campfires may be restricted during extreme fire danger.
