ANNUAL OPERATING INSTRUCTIONS

2019

Holt Gulch Allotment #410

Prepared By: /s/ Andrew Bryant
District Range Specialist

Date: 02/4/2019

Approved By: /s/ Erick Stemmerman
District Ranger

Date: 02/04/2019

Annual Operating Instructions

I. INTRODUCTION

Andrew Bryant (Forest Service), and Russell and Tate Slaughter (permittee) met on February 4, 2019 to discuss management of the Holt Gulch Allotment for the upcoming grazing season. These Annual Operating Instructions are the result of that discussion.

Holt Gulch Allotment Term Permitted Livestock Numbers

Number and class of livestock	Dates
150 Cattle-Cow/calf	03/01 – 02/28
5 Horses-Saddle	03/01 – 02/28

Holt Gulch Allotment Annual Authorization

Number and class of livestock authorized	Dates Authorized
150 cow/calf	03/01 – 02/28
5 horses	03/01 – 02/28

Holt Gulch Allotment Scheduled Pasture Rotation

Class of Livestock	Scheduled Rotation Date	Pasture
Cow/calf	03/01 – 3/15	Holt
Cow/calf	03/15 – 06/15	Shelton/York
	06/15-9/15	Deer Park
	09/15-02/28	Goat
Horses	03/01-02/28	Mesa

The above schedule for stocking the allotment depends upon the availability of forage and water. Some flexibility in the above pasture rotation dates will be allowed for justifiable causes such as weather conditions, livestock management needs, and range conditions. If there is a need to deviate from the above pasture rotation schedule by more than 15 days, you must notify the Ranger District of the proposed change in the pasture rotation date and the reason for the change. A deviation from the above schedule of more than 15 days must be approved verbally or in writing. Credit/Refund applications will not be processed unless District personnel have been notified either in advance or at the time of removal of stock.

II. MANAGEMENT OF LIVESTOCK

You are responsible for monitoring water availability and forage utilization. It is your responsibility to move your livestock when sufficient water is no longer available or when proper forage utilization is achieved in a pasture. You are responsible for keeping track of and maintaining control of your livestock. In the event your livestock are found to be out of the scheduled pasture, you will be required to find, gather, and return your animals to the proper pasture as soon as possible.

III. IMPROVEMENT MAINTENANCE

All range improvements assigned in the 10-year Term Grazing Permit are to be maintained in a functioning condition. In the event these improvements cannot be brought up to a functioning condition, you should notify this office so we can schedule

them for reconstruction as funds become available.

Range improvements planned for repair/reconstruction in 2018:

- 1) Clean York Tank (#0534). Clean Los Olmos Tank (#0961). Clean CCC Tank (#0525). Permittee will call district before cleaning so that we can document the tanks are dry and clearances have been obtained.
- 2) Repair roadways in Red Colt Canyon to well, Holt pasture to Stanley cabin, Shelton to solar well and to tanks mentioned above, and Whitewater (C48) from trailhead up to end of road.
- 3) Waterlots around earthen tanks need varying level of repair/reconstruction on the allotment. Permittee will work with Kendall to determine priority and availability of materials.

IV. SPECIAL MANAGEMENT CONCERNS

Keep track of conditions on your allotment and make plans to reduce or remove livestock if vegetative/watershed conditions could be substantially harmed due to continued grazing.

V. MODIFICATIONS

If unforeseen operational conditions require a change in the management specified in this AOI please contact rangeland management personnel at the Glenwood Ranger District. Change requests should be made in advance so that field inspections (if necessary) can be conducted. Approval of changes to this AOI may be verbal or written, depending on the nature of the change requested. Verbal changes will be documented to your file for record keeping purposes. Failure to follow the direction provided in this AOI, or other instructions (verbal or written) of a Forest Officer may lead to adverse action against your Term Grazing Permit (Part 1, Section 3 of your Term Grazing Permit).

Open and positive communications concerning all AOI content is encouraged. Feel free to contact Kendall Brown if you have any questions or concerns.
