

Northern Region 1 Fire Hire Outreach Notice — Fire Positions

GS-0462-04 through GS-0462-09
October 1, 2019

This Northern Region Fire Hire Outreach replaces previous versions sent beginning September 1, 2019 and outlines new direction for R1/R4 Fire Hire utilizing the Direct Hire Authority, which has been granted by OPM for the Forest Service to fill critical positions in an accelerated manner.

Please note the new announcement numbers and new opening and closing dates. Changes within this outreach are denoted by bold and underlined text.

The Northern Region is looking for a committed, hardworking, highly-skilled workforce to suppress wildfires and work in fuels management on 11 National Forests and Grasslands located in Idaho, Montana, and North Dakota. Working as a part of the fire and aviation management program is very rewarding and requires talented people working safely as part of a team in a variety of specialized positions including dispatch, engine crews, fire and fuels management, hotshot and hand crews, helitack, smokejumpers, and prevention. All positions could engage in a spectrum of fire management activities including, contributing to fire suppression efforts, performing project work such as fuel inventories, preparing associated reports, and hazard fuel reduction projects.

The Fire Hire process is being implemented to standardize the hiring process for permanent fire positions and provide consistent hiring around the Region and throughout the agency.

This outreach is for **GS-0462-04** through GS-0462-09 permanent full time and permanent seasonal fire and fuels positions. The vacancy announcements for these positions are posted on the U.S. Government's official website for employment opportunities at [USAJOBS](https://www.usajobs.gov). The Northern Region (R1) announcements will be combined with the Intermountain Region (R4). The vacancy announcements will be open for applicants on **October 8, 2019**. To be considered for these positions, applications must be submitted by the closing date of **October 29, 2019**.

The certificates of candidates for these positions will be issued to the selecting officials on or about January 6, 2020. While these are the current vacancies available throughout the Northern Region at this time, we encourage applicants to apply to any position and duty station you may be interested in, as those positions may become vacant through the Fire Hire process. Applicants should check the status of their application during this time in your USAJOBS profile.

Vacant positions and positions that have the potential to become vacant during the selection week are listed on the R1 Fire Hire web page <https://www.fs.usda.gov/detail/r1/jobs>.

Please respond to the outreach if you are interested in filling a vacant position through the Fire Hire process. Your response is important. **Address your outreach response to the contact listed for each location.** Additional information about the position is available from the direct supervisor. For questions regarding the overall Fire Hire process, contact Lily Huskey at lily_huskey@usda.gov or 406-590-1764.

If applying online poses a hardship, please contact FS HRM Contact Center Phone: 877-372-7248 Option 2 well before the closing date for an alternate method. All hardship application packages with supporting documents must be received no later than noon on the closing date of the announcement in order to be entered into the system prior to its closing. accommodation to applicants with disabilities on a case-by-case basis. Please contact FS HRM Contact Center if you require this for any part of the application and hiring process.

Step 1 – Create a USAJOBS account

(If you do not already have one) at www.usajobs.gov. It's recommended as part of your profile to set up automatic email notification to be informed when the status of your application changes. Without automatic notification, you must log into your USAJOBS account to check on the status of your application.

Step 2 - Create a Resume with USAJOBS or upload a Resume into your USAJOBS account.

You may want to customize your resume to ensure it documents duties and accomplishments you have gained that are directly related to this position in order to verify qualifications are met. In addition, your resume must support your responses to the online questionnaire (you may preview the online questionnaire by clicking on the link at the end of the How You Will Be Evaluated section of the job announcement).

Step 3 - Click "Apply Online"

Follow the prompts to complete the Occupational Questionnaire and attach any additional documents that may be required. You can update your application or documents anytime while the announcement is open. Simply log into your USAJOBS account and click on "Application Status." Click on the position title, and select "Update Application" to continue.

The following documents must be submitted to constitute a complete application package. It is your responsibility to ensure all required documents are received within the required timeframes. Our office cannot be responsible for incompatible software, delays in the mail service etc. Failure to submit required, legible documents will result in elimination from consideration.

- **Resume** that includes the following information: 1) job information for which you are applying; 2) personal information; 3) education; 4) work experience; and, 5) other qualifications (including IQCS Master Record).
- **College Transcripts** if education is required for meeting basic qualifications and/or you are substituting education for specialized experience. An unofficial copy is sufficient with the application, however, if selected, an official college transcript will be required.
- **SF-50** Notification of Personnel Action if you are a current or former Federal employee that will verify your federal status, position title, series and grade. FSA County employees must provide the most recent notification of Personnel Action (Form SF-50-B or FSA-50) that verifies permanent status. Also provide the SF-50 that reflects the highest grade level held on a permanent basis or the full performance level of your current position, whichever is higher.
- **Annual Performance Appraisal** if you are a current Federal employee. Submit the most recently completed annual performance appraisal (dated within 18 months) which identifies the employee's official rating of record, signed by the supervisor, or a statement advising why the performance appraisal is unavailable. Do not submit a performance plan.
- **Certification of Disability** if you are eligible for appointment based on a disability under the Schedule A hiring authority. This certification can be documented by a counselor from a State Vocational Rehabilitation Agency or the Vocational Rehabilitation and Employment Service of the Department of Veterans Affairs; by a statement or letter on a physician/medical professionals' letterhead stationary; or by statements, records, or letters from a Federal Government agency that issues or provides disability benefits. The certification must verify the applicant has a severe disability, is eligible under a Schedule A appointment authority, and he or she is able to perform the essential duties of the position. The certification must also describe any needed reasonable accommodation. You can review additional information at: [Federal Employment of People with Disabilities](#).
- **Proof of Eligibility** if you are eligible for appointment based on service in the Peace Corps, Vista, Action Cooperative, or another special authority.
- **CTAP/ICTAP documentation** if separated from Federal service or pending separation based on a reduction in force (RIF) or other management workforce reduction action. Proof of eligibility must include a separation notice

or Certificate of Expected Separation, SF-50 that documents the RIF separation action or most recent SF-50 (that is not an award), and latest performance appraisal (dated within the last 18 months) or a statement advising why one is unavailable.

- **IQCS Master Record** showing your training and qualifications for the position. If an IQCS Master Record is not available, some form of documented proof of training and qualifications will be needed for most positions.

NOTE: If a document is resubmitted, it replaces the previous submission, which means the previous document is no longer available to the Human Resources Office. If you are adding to, rather than replacing a previous submission, you must upload both the old document and the new document.
