Approved By: /s/ Erick Stemmerman **Date:** 01/29/2020
District Ranger

Annual Operating Instructions

I. INTRODUCTION

Kendall Brown (Forest Service) met with Timm Haas (permittee) on January 29, 2020 to discuss management of the Tennessee Allotment during the current grazing year and to plan grazing management for the upcoming grazing season. These Annual Operating Instructions are the result of that discussion.

Term Permitted Livestock Numbers*:

Permittee	Number & Class of livestock	Dates
Timothy & Jennifer Haas	130 Cow/Calf	03/01 – 02/28

*Not to exceed 1200 AM

Authorized Use:

Permittee	Number & Class of livestock	Dates
Timothy & Jennifer Haas	100 Cow/Calf	03/01 – 02/28

Pasture Rotations (North-side Highway 78):

Class of Livestock	Rotation Date	Pasture
Cow/Calf	03/01 – 04/30	West (30 head)
Cow/Calf	05/01 – 09/30	East (30 head)
Cow/Calf	10/01 – 02/28	West (30 head)

Pasture Rotations (South-side of Highway 78):

Class of Livestock	Rotation Date	Pasture
Cow/Calf	03/01 – 04/30	Tennessee (70 head)
Cow/Calf	05/01 – 05/31	Pipe (70 head)
Cow/Calf	06/01 – 07/15	Private (70 head)
Cow/Calf	07/16 – 08/15	Pipe (70 head)
Cow/Calf	08/16 – 10/15	Private
Cow/Calf	10/16 – 02/28	Tennessee (70 head)

The above schedule for stocking the allotment depends upon the availability of forage and water. Some flexibility in the above pasture rotation dates will be allowed for justifiable causes such as weather conditions, livestock management needs, and range conditions. If there is a need to deviate from the above pasture rotation schedule by more than 15 days, you must notify the Ranger District of the proposed change in the pasture rotation date and the reason for the change. A deviation from the above schedule of more than 15 days must be approved verbally or in writing. Credit/Refund applications will not be processed unless District personnel have been notified either in advance or at the time of removal of stock.

II. MANAGEMENT OF LIVESTOCK

You are responsible for monitoring water availability and forage utilization. It is your responsibility to move your livestock when sufficient water is no longer available or when proper forage utilization is achieved in a pasture. You are responsible for keeping

track of and maintaining control of your livestock. In the event your livestock are found to be out of the scheduled pasture, you will be required to find, gather, and return your animals to the proper pasture as soon as possible.

III. IMPROVEMENT MAINTENANCE

All range improvements assigned in the 10-year Term Grazing Permit are to be maintained in a functioning condition. In the event these improvements cannot be maintained in a functioning condition, you should notify the Range Staff at the Glenwood Ranger District to schedule them for reconstruction as funds become available.

In 2019 would like to apply bentonite to Ole Highway tank (#4294) to seal. The tank currently does not hold water. If funds are available the FS will buy the bentonite and the permittee will apply the bentonite into the tank.

Clean/repair Mule Spring Tank #542.

IV. OTHER ITEMS DISCUSSED

You indicated that you are in favor of managed wildfires to benefit natural resources on your allotment and you would like fences, pipelines, and other range improvements protected during the fire. You believe the upper country to the west needs to be burned. You will be notified if a wildfire occurs and your input will be solicited when management decisions are being made. The District Ranger will authorize necessary changes to this AOI to accommodate fire management.

V. SPECIAL MANAGEMENT CONCERNS

Keep track of conditions on your allotment and make plans to reduce or remove livestock if vegetative/watershed conditions could be substantially harmed due to continued grazing.

VI. MODIFICATIONS

If unforeseen operational conditions require a change in the management specified in this AOI please contact rangeland management personnel at the Glenwood Ranger District. Change requests should be made in advance so that field inspections (if necessary) can be conducted. Approval of changes to this AOI may be verbal or written, depending on the nature of the change requested. Verbal changes will be documented to your file for record keeping purposes. Failure to follow the direction provided in this AOI, or other instructions (verbal or written) of a Forest Officer may lead to adverse action against your Term Grazing Permit (Part 1, Section 3 of your Term Grazing Permit).

Open and positive communications concerning all AOI content is encouraged. Feel free to contact Kendall Brown if you have any questions or concerns.
