Note: This map details the use of motor vehicles within the Dixie National Forest, indicating the designated roads, trails, and areas open to motor vehicle use, as well as the conditions under which these uses are permitted. The map includes symbols for different types of roads and trails, as well as areas open to the public. It is important to read and understand the map in its entirety, as it contains information on the conditions and expected weather, as well as the responsibilities and requirements for motor vehicle operators. Users are advised to comply with the conditions and expected weather, and to show concern for the safety of forest visitors and the natural or cultural resources. This map does not display nonmotorized uses, over-snow travel, or groups larger than 15 people. By using this map, users agree to comply with the conditions and expected weather, as well as the responsibilities and requirements for motor vehicle operators.
