

2020 Personal Use Firewood Tusayan Ranger District - East Cross Country Travel Approved (Free Use Areas)

- Cross-Country Travel Permitted
- Concentration of Cut Trees
- No Cut Zone
- Access Road with Permit
- Open Roads
- Highways
- Non-Forest Service Land
- National Forest Boundary

Inset 1: Fire Mortality: This area was closed in 2017 after being open several years but you all spoke up and we listened. A favorite location reopened in 2018 so you may continue to salvage dead trees reducing fuel loading in the forest.

Inset 2: Russell: This has been an ongoing project for many years. Keep your eyes open for hand crews to return this summer. Remember to stay out of areas where active logging is occurring for your safety and theirs.

Inset 3: Watts: This area is a grassland restoration harvest done in 2016. This area is rich in heritage sites so control of access is critical. The long promised interior blocks are now open. Please stay on mapped vehicle access routes.
