PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map (MVUM) were made by the responsible official pursuant to 36 CFR 212.51; are effective as of the date of the front cover of this MVUM; and will remain in effect until superseded by next year’s MVUM.

It is the responsibility of the user to acquire the current MVUM. The MVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Caddo National Grassland that are designated for motor vehicle use pursuant to 36 CFR 212.51. The MVUM also identifies the requirements for licensing, registration, and operation of motor vehicles in these areas; and any special rules and restrictions that apply on those roads.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicle use by a particular class of vehicle on a designated road, trail, or area may be subject to temporary, emergency closures. As a motor vehicle operator, you are responsible for your own safety and that of others. The misuse of motor vehicles may result in injury, death, destruction of natural or cultural resources, and closure of roads, trails, or areas.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only. This map does not apply to non-Forest Service lands in the Caddo National Grassland that are subject to State traffic law, including State and local laws and regulations.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands is a privilege, not a right.

As a motor vehicle operator or a passenger in such a vehicle, you are expected to be familiar with the motor vehicle use map to which you are attached. Operating a motor vehicle on National Forest System roads, trails, or areas in a manner that is not consistent with the motor vehicle use map may result in violation of Federal, State, and local laws and regulations.

EXPLANATION OF LEGEND ITEMS

Roads Open to Highway Legal Vehicles Only

These roads are open only to motor vehicles licensed under State law for general operation on all public roads in the State.

Other Public Roads

These roads are open only to motor vehicles licensed under State law for general operation on all public roads in the State.

Other Public Roads

These symbols are used to show routes that the Forest Service does not regulate use on and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.
