

UINTA-WASATCH-CACHE NATIONAL FOREST EVANSTON/MT. VIEW RANGER DISTRICTS

ATTENTION FOREST VISITORS

A temporary closure is in effect for a two-mile section of the Poison Road (Forest Service Road 80706).

The closure is for public health and safety during current logging operations in the area.

The objectives of the project are to remove dead timber and improve wildlife habitat.

Please refer to the closure order and map for additional information.
