Campsites can be reserved from 3 days up to 6 months in advance and are operated by a concessionaire – Yellowstone Country Campgrounds. Showers, flush toilets, sewer hookups, and dump stations are not available. Senior and Access pass discounts do not apply to electric site fee or additional vehicle fee. For additional campground information call (406) 646-1012 or visit [yellowstonecountrycampgrounds.com](http://yellowstonecountrycampgrounds.com).

**Dispersed camping** is very limited on the Hebgen Lake Ranger District. Most camping is restricted to fee campgrounds and designated dispersed sites. Dispersed sites are located along the West Shore of Hebgen Lake, Beaver Creek Road, and Taylor Fork Road. They are posted with signs and are a good option for tents, vans, and trucks with camper shells. Due to rough roads, low hanging branches, and lack of turn arounds, we do not recommend these sites for large trailers and RV's. Camping in a **DAY USE AREA** is illegal. This includes a large area around West Yellowstone, Hebgen Lake, and the 191 Highway corridor. Stop by the Hebgen Lake Ranger Station for more information.

Grizzly bear food storage regulations are strictly enforced. Visit [www.BeBearAware.org](http://www.BeBearAware.org).
