

Sabrina Lake Dam

Construction Information

SCE will modify Sabrina Lake Dam and Access Trail this year to maintain the Auxiliary Spillway. This project supports the continued safe operation of the dam by repairing the Auxiliary Spillway. Note: Construction equipment will carry material periodically and the Access Trail will be closed intermittently during construction for safety purposes. Typical workdays are Monday-Saturday, sunrise to sunset.

Key Dates

7/6/20: SCE will begin mobilizing construction equipment to Sabrina Lake Dam and Sabrina Basin Trailhead.

11/30/20: Projected completion of construction and demobilization of all crews and equipment.

Please note that dates are subject to change due to unforeseen factors
