

KNOW BEFORE YOU GO: E-BIKES IN THE ASHLAND WATERSHED

WHERE CAN I RIDE?

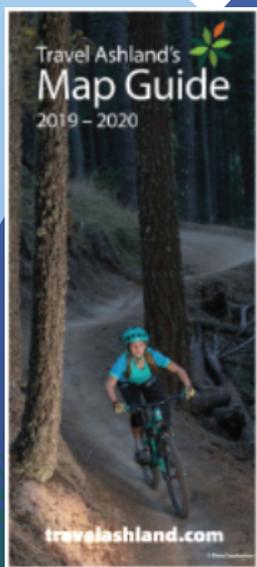

Many trails in our area are not available to e-bikes for riding adventures, **just like they're not available for those who ride motorbikes or ATVs.** Those that ARE open to motorized use are also open to e-bikes.

NOTE: Trail apps like TrailForks aren't reliable sources for legal information.

WHY IS THE ASHLAND WATERSHED OFF LIMITS?

The watershed is a **municipal watershed**--providing for drinking water for the city of Ashland. Unauthorized motorized travel is prohibited.

E-bikes are considered motorized, even though the motor is electric.

The Ashland Map Guide is the **FREE trail map** for the watershed, and includes trails, land ownership, and directional and use designations.

GET THE DIGITAL MAPS YOU NEED

Avenza Maps allows you to download maps and use them as a navigation background using your phone's GPS capability. Know where you are, at all times, **regardless of cell service.**
